

About Registering Multi-Factor Authentication (MFA)

Use of Multi-Factor Authentication will begin from 2021 to enhance security.

- When signing into Microsoft 365 (previously Office 365) from outside DWC, you will be asked to use MFA.
- A smartphone or tablet PC is necessary to use MFA (iOS12 and later or Android 8 and later) .

■ Steps to sign into Microsoft 365

■ How to Set UP Multi-Factor Authentication

Use the following URL to access the MFA site.

<https://otasuke.dwc.doshisha.ac.jp/>

Sign in with your usual

DWCLA ID and password
